## Copaiba Essential Oil

### Copaiba Essential Oil uses:

- Relieves pain
- Muscle aches
- Arthritis
- Heals insect bites
- Sore throat
- Urinary disorders
- Skin disorders
- Depression
- Anxiety
- Inflammation
- Bronchitis
- Urinary tract problems
- Stomach ulcers

### **Did you know???**

Copaiba is the only essential oil tapped directly from the tree and is not distilled.

### **How to Use:**

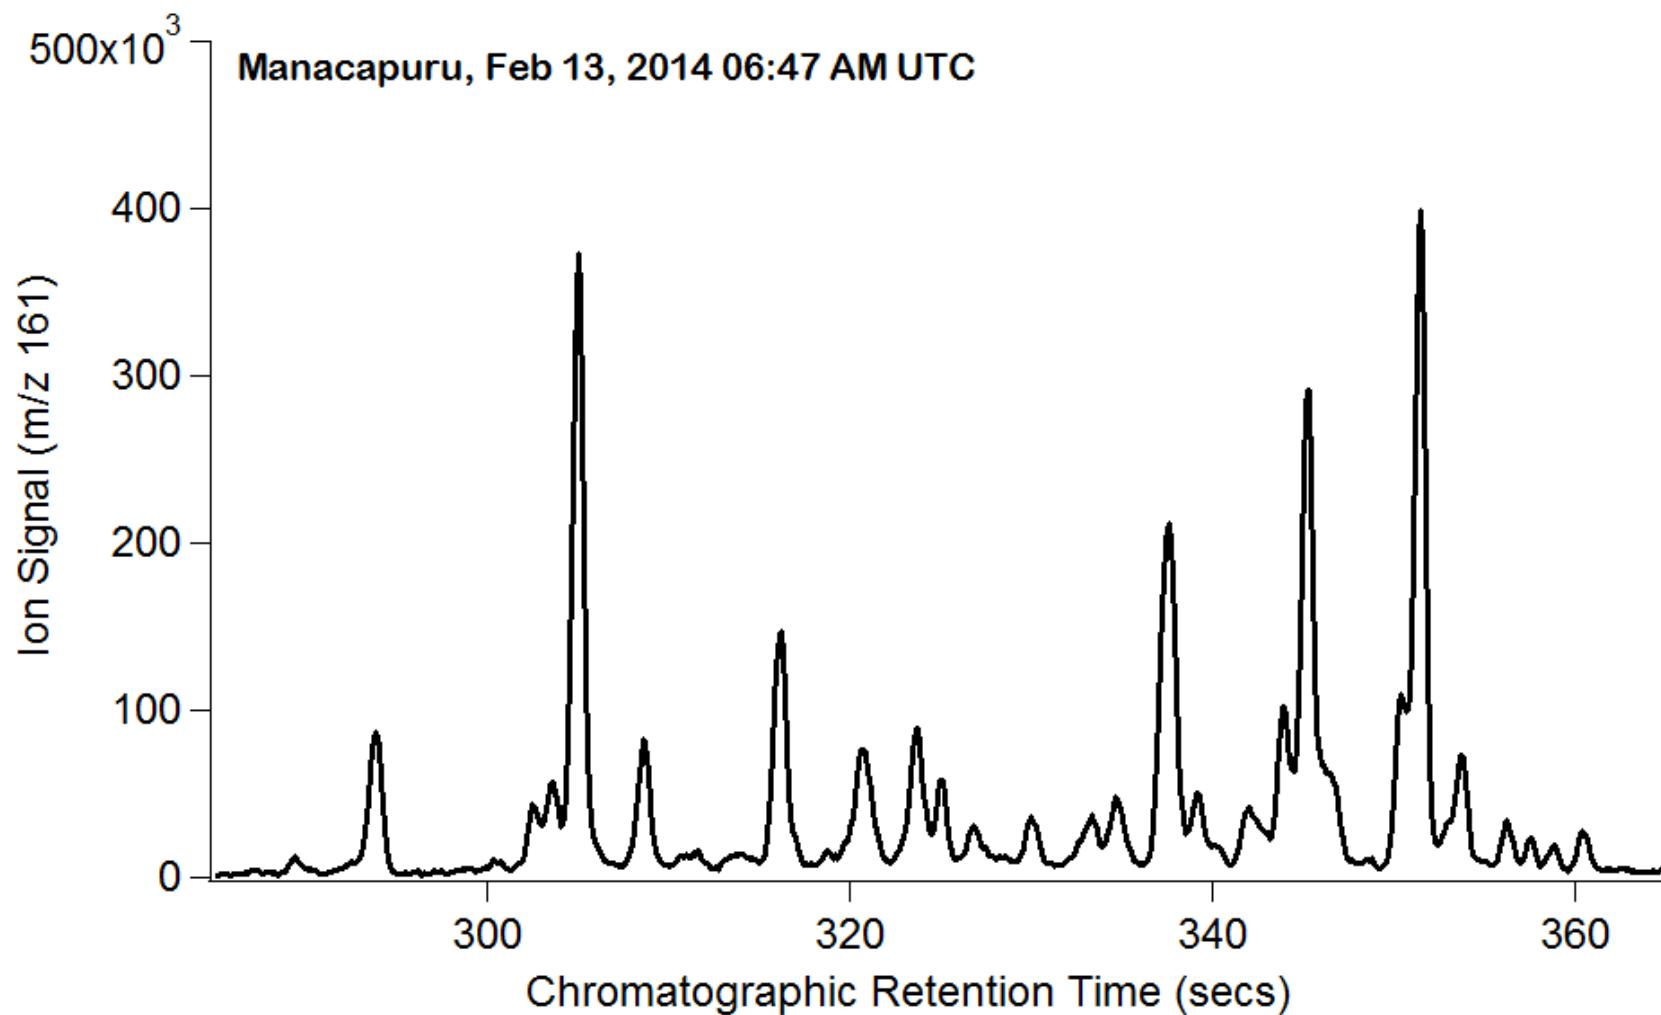

- Directly inhale
- Apply topically
- Diffuse
- Dietary supplement
